

01 Do you have a passion for computers?

02 Do you belong to an economically disadvantaged family?

03 Are you a graduate (any stream)?

04 Do you want to progress in your life and career?

If you say "Yes" to all of the above questions, we have something for you.

AKSHARA Coding Academy is an initiative from senior professionals in the IT industry who want to make a social impact. We will teach programming skills **FREE OF COST** over 16 weeks that will help you create a successful career for yourself in the software industry. Our first batch will start in **Chennai** from **April 2021**.

All that we ask from you is basic aptitude, the ability to learn and willingness to put in maximum efforts during the program.
